

# Beltone First™

Pioneering better hearing

Stream phone calls, music and movie audio directly from an iPhone to Beltone First hearing aids.

## Introducing a revolutionary Made for iPhone hearing aid

Now, stream audio from your iPhone®, iPad®, or iPod touch® directly to your hearing aids. Hear phone calls, music, movies, real-time directions and more like never before. Sound is clean and clear, even in noisy locations. Your iPhone remembers the places you visit, and automatically adjusts your settings\*. And, the “Find My Hearing Aid” function locates misplaced devices.\*

\*With free HearPlus app.

**Make an appointment for a FREE hearing screening today.**
